2002 UTAH OCCUPATIONAL WAGES Hourly Wage Information by Occupational Title

This "flyer" is a summary of the latest wage information available for Box Elder, Cache, and Rich counties. The occupations are listed alphabetically, along with the "Occupation Code", which is a unique number assigned to each of the occupations in the survey that generated the information. Wages presented include the Entry Wage (the average of the bottom-third of all wages collected), Average Wage, the Median Wage (which is the wage of the middle worker in the survey where half of the workers earned wages below the median and half above the median), and the Middle Half (which represents the wages of the middle fifty percent of workers. One-fourth of the workers earned wages below the low end of the middle half, and one-fourth of the workers earned wages above the high end of the middle half).

The full list is included, along with wage information for the entire state, in the publication *Utah Occupational Wages*. This complete publication is available on the Department of Workforce Services "Economic Information" website at: <http://wi.dws.state.ut.us>, then select "Occupational Wage Information." The definitions of the occupations in this summary can be found following this process.
